You are able to remove your consent at any time. You can do this by contacting us at info@nsun.org.uk or by writing to us at our postal address.

How we store your personal information

Membership data

Membership data is held securely via a secure, password-protected, cloud-based system called eTapestry hosted by Blackbaud. Only NSUN staff have access to this system.

Other personal data

We use Microsoft's Office secure, password-protected, cloud-based suite of products which includes SharePoint and OneDrive where we store many of our documents.

This is hosted on secure servers in the Microsoft environment.

Data for surveys is stored on Typeform. Data for events is stored on Eventbrite. Both of these are password-protected, secure cloud software systems.

Our website is a password-protected, secure cloud software system hosted by [The Access group](#).

Only NSUN staff and software host administrators have access to these systems.

Financial data

All financial data is kept on secure password-protected systems, the access to which is limited to the Interim CEO and one trustee for secondary signatory purposes where necessary on one bank account. If data needs to be sent to an external source, it will be password-protected or directly uploaded to the website (e.g. HMRC).

How we keep data up to date

We want to make sure the information we hold about you is accurate. To do this we are reactive - responding to your requests to update or remove your data, and also proactive – sometimes contacting you to ask if your information is up to date.

How long we store your data for

We hold membership data until we are either reactively made aware by you that it is to be removed, or by proactively finding out that the data is no longer valid e.g. by performing a database cleaning exercise trying to contact members to validate the information and being unsuccessful. We then delete the contact record from our database.

Other personal information that we process for any purpose or purposes will not be kept for longer than is necessary for that purpose or those purposes.

Your data protection rights

Under data protection law, you have legal rights over your personal information. For example, you can see it, amend it, ask us to change the way we handle it or have it removed from our records completely. If you want to do any of these things, you can email info@nsun.org.uk and we will respond to you within two weeks at the very latest. You can unsubscribe from our newsletter and mailings by clicking

Unsubscribe at the foot of the newsletter, although this will not remove your data from our records. If you wish for all of your data to be removed, please email us at info@nsun.org.uk or via our postal address.
